### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Munger on May 5, 2005.

The application has been amended as follows:

In claim 15, line 18, --each having an area substantially congruous with the respective jaw and spine portion outer surfaces, and, collectively,-- has been inserted after "panels" and "correspond to" has been changed to --fit over--.

In claim 15, line 19, "structure" has been deleted.

Claim 16 has been cancelled.

2. The following is an examiner's statement of reasons for allowance: The prior art does not disclose or suggest the combination of a three-sided label and a binder clip. Claim 15 was drawn to the subcombination of the label itself, which was not considered allowable. Claim 16, though, positively related the label to the binder clip in such a way as to make a combination claim, which was indicated to be allowable if rewritten in independent form. By the above examiner's amendment, the subject matter of claim 16 has been incorporated into claim 15, and claim 16 has been cancelled..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
